Dear Harry Jerome Award Committee,

I am writing this letter to support the nomination of Errol Lee for the Harry Jerome Award. Errol Lee first presented to our entire student body in early 2006. His character building presentation was effective and inspirational as his presence encouraged and further developed positive messages about being a caring and vital community. Our students were spellbound and appreciated his dynamic approach and spirit leaving our school community with a truly positive outlook and challenge. His ability to promote positive character by inviting others to join the HERO Club (Honesty, Empathy, Respect and Optimism) has influenced our youth in an empowering manner.

Errol Lee became further engaged by presenting at the Empowered Student Partnership (ESP) Showcase last year which was hosted by Toronto Police Services, Canadian Safe School Network, Bell Canada, and ProAction Cops and Kids. This event honoured over 1000 Toronto Youth who demonstrated and actively led safe school programs in their schools. This year Errol will be volunteering his services again at the Showcase to thank and empower our youth as they continue to dedicate their efforts by supporting and promoting safe schools and community.

Errol is passionate about his work and this is often portrayed through his dance and song. He engages his audience by affirming positive messages and interacting with them in an encouraging way. I highly recommend Errol and support his nomination for the Jerome Harry Award and I look forward to working with Errol as he collaborates with our ESP students for their performance at the North York Safe Schools Forum this upcoming May. Best wishes Errol in all your endeavours.

Sincerest regards,

Lina Naccarato
