To: Whom It May Concern

Re: Errol Lee - Caring Concerts

I am pleased to write a letter in support of Errol Lee, and the outstanding work he has done throughout Manitoulin Island and area schools since 2013.

I was first introduced to Errol when I was principal at Assiginack Public School in Manitowaning. Here, and later at Little Current Public School, I saw Errol in action. Through dance, song, music and story-telling, Errol shared important messages for our students around kindness, compassion, and caring for others.

Our students and school communities thoroughly enjoyed the interactive nature of his concerts. Families sang and danced along with their children as the students and Errol performed the lessons they learned regarding kindness, respect and showing empathy and optimism towards others.

Through the years, Errol has helped to build character, confidence, and self-esteem for countless students in Manitoulin, Espanola and Sudbury, by giving of his talent and time. The work he has done is a testament to the message he brings to support caring and equity in our communities. I truly hope Errol's work continues here and elsewhere in the province.

Regards,

A handwritten signature in cursive script that reads "Margaret Stringer". The signature is written in black ink and is positioned to the left of the typed name and title.
