

Letter of Recommendation for Errol Lee

I am writing this letter on behalf of Errol Lee and I would like to take this opportunity to talk about my experience with him.

I have had the pleasure of viewing several presentations by Errol Lee. One was at the Brampton Neighbourhood Resource Centre (BNRC), where Errol Lee spoke and performed to our youth group. Errol so generously donated his time and resources to our agency which created a partnership that we are grateful for. At another function Errol once again gave of himself to perform and inspire our community at a press launch of our new BRNC .S.E.R.V.E. Youth Project. It was a major media presentation where Errol Lee captivated and motivated not only the youth in attendance but the community as a whole as well as the press who were in attendance. Errol was "the talk of the town" with his message of respect and character delivered in a multigenerational manor for all in attendance.

To witness Errol Lee's presentation is to witness greatness, he is a man of character and vision. Errol has a dynamic personality, which transcends all different ages, and cultural backgrounds. Errol Lee's inspirational message is empowering to all that have the opportunity to hear him. Through his mentoring and life examples he is able to reach out to youth and give them hope and motivation to make better life choices.

Errol Lee has an up coming performance on February 21, 2007 with the Girl Guides of Canada Brightwell Division at St Monica's school in Brampton Ontario. This is another fine example of Errol living his message; once again he is donating his time and energy to spend an evening performing and instilling his message in the guiding community, in attendance will be about three hundred and fifty Girl Guides. Girl Guides of Canada plan on partnering with Errol on a permanent basis to solidify the message that both organizations use to empower our youth.

It has been my distinct pleasure to work with Errol Lee and I am looking forward to having a long and uplifting relationship with him. I find him to be a man of honour and compassion, who is empathetic moved by the people he encounters. Errol is a leader and mentor who thought provoking message creates inspiration and hope to a generation of youth that are crying out to be heard. Errol Lee has heard them and he has taken the challenge to respond to them. They are not alone!

Sincerely yours
Shelley Russell
